Prüfwesen GmbH

DAP German Accreditation System for Testing (hereinafter referred to as DAP), is signatory to the Multilateral Agreement for Inspection (MLA) of European co-operation for Accreditation (EA) For inspection bodies, EA concluded further bilateral agreements for mutual recognition.

The signatories to these agreements of the following countries mutually recognise their accreditations of inspection bodies:

Australia – Belgium – Czech Republic – Denmark – Estonia – Finland – France – Germany – Greece – Ireland – Israel – Italy – Latvia – Lithuania – The Netherlands – New Zealand – Norway – Poland – Portugal – Slovakia – Slovenia – South Africa – Spain – Sweden – Switzerland – Turkey – United Kingdom

The up-to-date status of membership can be retrieved from the website:

EA - <http://www.european-accreditation.org>

This accreditation has been awarded on the basis of an assessment and pursuant to the contract concluded with DAP German Accreditation System for Testing with respect to the accreditation of an inspection body in accordance with the rules and procedures of the German Accreditation System, in conformity with the Standards DIN EN ISO/IEC 17020 and DIN EN ISO/IEC 17011.

The requirements in terms of materials and personnel as specified in DIN EN ISO/IEC 17020 for the specific technical scope of inspection indicated in the accreditation certificate, as well as for the inspection procedures and test methods described in the annex to the accreditation certificate, have been met.

Details on the scope of the accreditation (technical scope of inspection, procedures and specifications) are given in the annex to this accreditation certificate.

The annex and the documents submitted in connection with the accreditation are deemed to form an integral part of it. Any amendments are to be made in writing.

The accreditation is awarded subject to revocation at any time on the fundamental change or lapse of any conditions defined in the agreement and in the annex to this accreditation certificate.

Accreditation certificate and annex are not to be disseminated in any form other than the present one. The publication of extracts is subject to approval by DAP.
